BRIEF OVERVIEW / CAREER OBJECTIVE / SUMMARY

Looking for an entry-level position as a Software Developer in a dynamic firm that values my analytical and technical skills and provides scope for updating my knowledge, I seek a company that will help me contribute to its development while concurrently aiding my personal growth.

KEY EXPERTISE / SKILLS

C++ NodeJS ReactJS MongoDB SQL DBMS

EDUCATION

Savitribai Phule Pune University

2019 - 2023

B.Tech. - Computer Science & Engineering - MITAOE | CGPA: 9.28 / 10.00

ASN Higher Secondary School, Jammu

2019

12th | JKSBSE | Percentage: 88.40 / 100.00

MHAC School Nagbani, Jammu, Jammu

2017

10th | CBSE | Percentage: 93.10 / 100.00

AWARDS AND SCHOLARSHIPS

- Secured 5th Position in Coding Competition Organised by MITAOE Coding Club, Pune (2020)

INTERNSHIPS

The Ikigai Labs

03 Aug, 2022 - 03 Feb, 2023

Full Stack Developer

Key Skills: MongoDB Express.js NodeJS ReactJS

- Developed end-to-end web-based app providing real-time management and analysis for students
- Developed custom API's that can be integrated into user's apps
- Configured and deployed the app on cloud for scalability and cloud effectiveness
- Contributed and worked closely with the design team to optimize and usability of a real time assessment portal
- Write clean code, drive technical design and take responsibility for technical delivery

Celebal Technologies

01 Jun, 2022 - 31 Jul, 2022

Data Analyst

Key Skills: Power BI SQL

- Involved in creating Database Objects like Tables, Indexes, Views etc
- Extensively used SQL queries data into valuable information for decision making.
- Developed various dashboards for data visualisation using PowerBI
- Created reports with various features like drill through capabilities, jump to another report, use of pie charts, bar charts etc.

Codekul Private Limited

12 Jun, 2021 - 08 Aug, 2021

Full Stack Web Developer

Key Skills: MongoDB ReactJS NodeJS Express

- Developed efficient and maintainable software according to business objectives and needs of the client.
- Worked closely with the design team to improve the usability of a resource management system and contributed to its optimization.
- Presented ideas and comments during team meetings, as well as updates on deadlines, designs, and improvements.
- Reviewed code, debugged problems and corrected issues

PROJECTS

AI based repetition counter

04 Jan, 2022 - 15 Jul, 2022

Mentor: Mrs. Vaishally Wangikar | Team Size: 4

Key Skills: Python OpenCV Blaze

Developed tracker of the number of repetitions for the two most common exercises at the gym, bicep curls and squats and maintain posture to avoid injuries by using Pose estimation model from Mediapipe. 3D Human Pose Estimation is used to predict the locations of body joints in 3D space. Besides the 3D pose, some methods also recover 3D human mesh from images or videos.

Semantic Aware Video Clipper

01 Aug, 2021 - 02 Jun, 2022

Mentor: Mrs. Prajakta Ugale | Team Size: 4

Key Skills: Python Data Science Vosk API Flask

During covid 19 pandemic teaching was in online mode using software's like Google meet, Zoom, & MStTeams and all these software has feature of lecture recording's so if any student want to go through lecture recording's he will see lot of irrelevant content where teacher was not teaching or taking attendance and to tackle this problem we came up with solution which is Semantic Video Clipper Using Sementic Video clipper we can Automatically clip out the silence Interval from Lecture Video Recording's and not only this we can also clip out the control words and duration e.g when teacher was taking attendance

Assessment Platform

20 Jan, 2022 - 15 May, 2022

Key Skills: MongoDB Express.js Node.js ReactJS

Developed an Assessment Platform to assess students over different topics with proctor-control. Technology stack used is MERN stack

Loan Management System

10 Jun, 2021 - 21 Nov, 2021

Mentor: Ms. Farhana Sheikh | **Team Size:** 4

Key Skills: MongoDB AngularJS NodeJS Express.js

To develop and design a web application which automates the management of the loans of the bank by keeping track of all the loans, and displaying them in a systematic manner on the dashboard. The Technology stack used was MEAN stack

Operating System Visualizer

10 Jan, 2021 - 19 May, 2021

Mentor: Ms. Prajakta Ugale | **Team Size:** 4

Key Skills: MongoDB Angular NodeJS Express

To develop a full stack and responsive MEAN Stack Application for visualizing the different category of algorithms used in operation system

ACHIEVEMENTS

- Solved 450+ DSA Questions
- 3 star Codechef programmer

ASSESSMENTS / CERTIFICATIONS

Microsoft Azure Fundamentals

Aggregate: 800.0 / 1000.0

Key Skills: Cloud Fundamentals

Foundational knowledge of cloud services and how those services are provided with Microsoft Azure

Oracle Certified Foundations Associate

Aggregate: 74.0 / 100.0

Key Skills: Cloud

The Oracle Cloud Infrastructure (OCI) Foundations certification is intended for individuals looking to demonstrate fundamental knowledge of public cloud services provided by Oracle Cloud Infrastructure and increase their earning potential - all while boosting on-the-job confidence.

HackerRank, SQL Basic

Aggregate: 100.0 / 100.0

Key Skills: SQL

EXTRA CURRICULAR ACTIVITIES

- NCC : A-certificate holder
- National Level Player (RollBall) : Represented my state in various national championships

PERSONAL INTERESTS / HOBBIES

- Playing Cricket
- Listening Music
- Watching Movies and anime
